## "Merge" First Friday Business Mixer

March 4th,  
2011

This email is to invite you to our Business Mixer taking place this week at the Abraham Lincoln. **Merge** is a new networking opportunity that will coincide with our Arts & Entertainment Festival. In addition to providing a positive and inclusive community event we also like to engage Reading's business community.

### Young Business Professionals are the future of our city.

Our goal (or one of them) is to provide **networking** opportunities that may not otherwise be available. We'd also like to increase "traffic" in downtown Reading, and stimulate economic growth within the city. We believe that this renaissance starts with young business professionals. Please reply to rsvp. Thanks!
